

The following is a summary of the current status of the project construction and the activities that will be occurring over the next few weeks.

Construction Status

- Initial tree clearing between Highway 61 and Creekwood Drive is complete.
- Building removal north of Highway 61 is complete.
- Erosion and sediment control measures are in place.
- Private utility relocations are in process.
- Highway 101 remains open to traffic.

Planned Construction Activities

- Excavation and grading activities will begin north of the Highway 61 roundabout.
- Private utility relocations will continue.
- Storm sewer installation under Highway 61; however, Highway 61 will remain open to traffic.
- Highway 101 will remain open to traffic.
