

The following is a summary of the current status of the project construction and the activities that will be occurring over the next few weeks.

Construction Status

- Excavation and grading activities are occurring north of the Highway 61 roundabout.
- Lakota Lane connection road is under construction.
- Creekwood Drive cul de sac is under construction.
- Private utilities (gas, electric, etc.) are relocating their facilities.
- Highway 101 remains open to traffic.

Planned Construction Activities

- Excavation and grading activities will occur along Highway 101 between Highway 61 and Creekwood Drive.
- Sanitary sewer and watermain construction will occur north of the Highway 61 roundabout.
- Storm sewer installation across Highway 61; however, the roadway will remain open to traffic.
- Private utility relocations will continue.
Highway 101 will be closed to traffic from Highway 61 to Lakota Lane beginning in mid-May.
