

The following is a summary of the current status of the project construction and the activities that will be occurring over the next few weeks.

Current Construction Status (Phase 2B)

- Highway 101 is closed to traffic from Bramble Drive to Pioneer Trail. Access to all properties along the project corridor is from the south via Highway 61 during this construction phase. Please follow the signed detour route around this area.
- The contractor has completed removals in this construction phase.
- Storm water pond construction near Bramble Drive is complete.
- Crews are grading the roadway.
- Utility construction will begin this week.

Planned Construction Activities

- Construction of the right turn lane on southbound Highway 101 north of Pioneer Trail will occur.
- Crews will continue grading the roadway.
- Utility crews will begin water main and storm sewer installation.
- Trail paving will occur next week.
- Private utility relocations are ongoing.
